

Shanklin[®] Models T-6H

Shrink Tunnel

Built to Last, Engineered to Perform, and Priced for Optimum Value

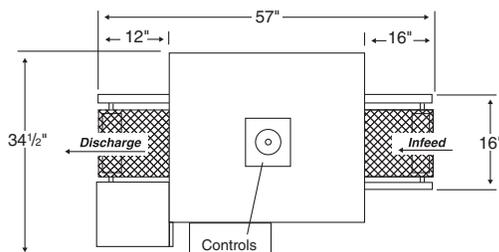

- **Dependable**—Straightforward design means less maintenance, trouble-free operation.
- **Easy to Use**—Set temperature, conveyor speed and air velocity, and you're ready to go.
- **Moderately Priced**—An excellent value!

Simple, reliable, and hard-working...that's the Shanklin high-performance line of proven shrink tunnels. Contact your Shanklin distributor to find out more.

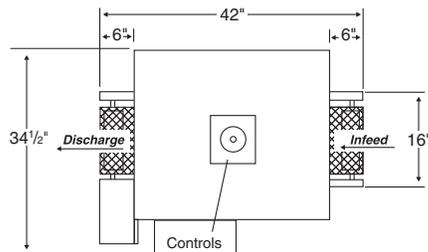

Our Rugged, Reliable Compact Performer

The Shanklin Model T-6H Shrink Tunnel is similar to our Model T-6XL, except that the opening height is 3" higher (10") to accommodate higher profile packages. You'll still enjoy the same excellent high performance, versatile standard features, superior shrink capabilities, and value price of the Model T-6XL, but in a version that expands your packaging options.
